CAREER OBJECTIVE

Motivated and Enthusiastic with a quick learning and proactive attitude. Ready to contribute my knowledge to build efficient and scalable Applications that leads to development of real world.

EDUCATION

B.Tech in Electronics and Communication Engineering Narayana Engineering College, Gudur — CGPA: 8.5

2022–2026

TECHNICAL SKILLS

- Programing languages: C, SQL, python
- Database: MySQL
- Tools: MySQL workbench, vs code, MS Excel, MS Word
- Web technologies: HTML5, CSS3, JavaScript
- Soft Skills: Problem Solving, Communication, Team collaboration

PROJECTS

• SMART EXPENSE TRACKER

Project Overview: Developed a RESTful expense tracking application to manage daily expenses using Python and FastAPI.

Technologies Used: Python, FastAPI, REST API, JSON, Pytest, Git, GitHub.

Key Highlights: Implemented CRUD operations, expense categorization, and total expense calculation.

Outcome: Successfully built and tested a reliable expense tracking backend application.

Project link: <https://github.com/achikavya/Smart-Expense-Tracker.git>

• DESIGN AND DEVELOPMENT OF AN AUTONOMOUS FLOODGATE CONTROLLING SYSTEM

Project Overview: Developed an automated floodgate system for real-time water level monitoring and flood prevention.

Technologies Used: Arduino Uno, Ultrasonic Sensor, Water Level Sensor, L298N Motor Driver, Embedded C.

Key Highlights: Automated floodgate operation using sensor data and Improved water management with minimal manual intervention

Outcome: Successfully demonstrated automated floodgate control with reliable real-time monitoring.

INTERNSHIPS

- Completed an internship in Java programming at CODETECH IT Solutions
- Gained hands on experience by doing internship in python programming at CODETECH It Solutions

CERTIFICATIONS

- Internet of Things (IoT) – NPTEL

- Soft Skills – **NPTEL**
- PCB workshop – **TECHNOTRAN**
- Python Programming and Java programming - **CODETECH IT SOLUTIONS**
- 500 Difficulty rating python problems – **CODECHEF**
- Python Full Stack with AI – **10000 CODERS**
